LANDSCAPE & GARDEN SUPPLIES

The Lifestyle Louvre System

The affordable, stylish and functional solution for your outdoor area

GREENSCAPESUPPLIES.CO.NZ

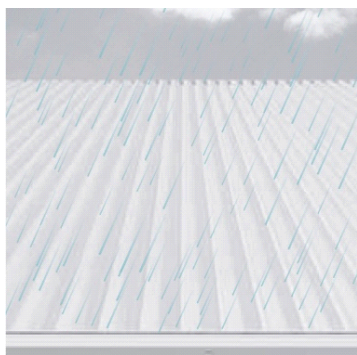

Alfresco dining has long been embraced in the Waikato and the possibilities surrounding outdoor living go a lot further.

Many homes now feature an outdoor room, decking or patio to extend living spaces to the outdoors. The Lifestyle Louvres let you control your environment, allowing you to enjoy your outdoor room through summer and beyond.

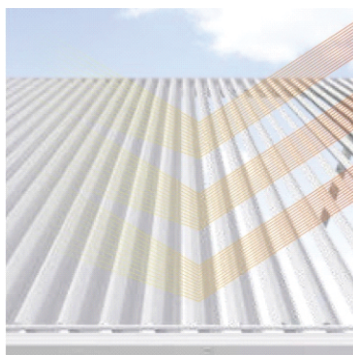

Our louvres are:

- Affordable
- Kitset for easy installation (recommended Greenscapes install)
- Easy to operate – choice of manual crank model or electric remote-control model
- Made from durable & long-lasting aluminium material
- Stylish.

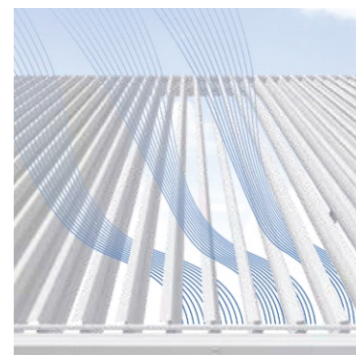

The louvres can be easily adjusted & opened/closed to achieve your ideal sun or rain protection as well as set the air ventilation and light that you require while still enjoying being outside.

Rain, wind & snow proof

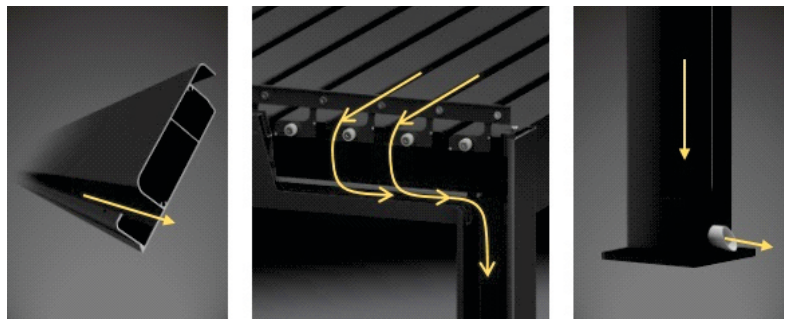

Sun & UV protection

Ventilation & light adjustment

When it rains the water streams down the louvre blades and accumulates to the louvre beam gutter and smoothly discharges through the drain of the posts.
